INTRODUCTION

On the 225 rolls of this microfilm publication are reproduced the compiled records that give the military service histories of units in volunteer Union organizations. The compiled records are card abstracts containing information relating to the stations, movements, or activities of each unit or a part of it, and frequently to its organization or composition, strength and losses, and disbandment. Sometimes the names of commanding officers, the dates the unit was called into service and mustered out, the terms of service, and similar information are included.

The compilation of records of service by military units of volunteer Union organizations was undertaken simultaneously with the compilation of the service records of volunteer Union soldiers. The work was begun in 1890 under the direction of Capt. Fred C. Ainsworth, head of the Record and Pension Division of the War Department. The abstracts were made from original muster rolls and returns in the custody of the War Department and from rolls borrowed from the Second Auditor of the Treasury. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts were accurate.

Most of the compiled records reproduced on this microcopy are arranged alphabetically by State or Territory. The remainder are for units that were not limited to any one State or Territory; among them are the U.S. Colored Troops, U.S. Volunteers, and U.S. Veteran Reserve Corps. The records are further arranged by organizational breakdown under each unit.

Most of the compiled records for each organizational unit are in jacket-envelopes bearing the title "Record of Events" and giving the name of the unit. Many of the cards contain abstracts of the record-of-events information as found in original muster rolls and returns. Also included are some cards showing the exact captions of the muster-in and muster-out rolls that were copied and the certifications by the mustering officers verifying the accuracy of the rolls. The jacket-envelopes for a few units contain no documents but do contain references to other units with which these units were merged. In some instances the references concern transfers of documents.

Preceding the jacket-envelopes for the organizational units there sometimes are envelopes containing general notation cards giving information relating to the units. Some of the notations are statements of determinations made by the War Department concerning the service of the units; others contain information that was found in original records other than muster rolls and returns.

There are some card abstracts made from returns that are not in jacket-envelopes. These abstracts were accumulated by the War Department to be interfiled with the regular abstracts but were not interfiled, for one reason or another. The usual reason was that the abstracts made from returns were compiled later than those from muster rolls and in some cases the War Department failed to complete the filing of them. The National Archives has collected all the unjacketed abstracts that could be found for each unit and has filed them immediately after the jacket-envelope containing related abstracts for the unit. A card labeled "Additional Card Abstracts of Records" has been placed at the beginning of each set of unjacketed abstracts to distinguish them from the ones that are in jacket-envelopes.

The National Archives also has compiled service records of the volunteer Union soldiers who served in the units whose service histories are reproduced in this microcopy. They consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit in which he served and typically containing (1) card abstracts of entries relating to the soldier as found not only in original muster rolls and returns but in other original records such as hospital rolls, descriptive books, and lists of deserters; and (2) the originals of any papers relating solely to the particular soldier. In a few instances there are compiled service records for volunteer Union soldiers who served in units for which there are neither record-of-events nor general notation cards; consequently, there is no record of such units in this microcopy. These units generally served only for short periods (about 1 to 3 months) or failed to achieve a complete organization. There are card indexes that may be used to locate the compiled service record of a volunteer Union soldier. Most of the indexes and some of the compiled service records of volunteer Union soldiers have been microfilmed.

The compiled records showing the service histories of units in volunteer Union organizations reproduced in this microcopy, the compiled service records of volunteer Union soldiers, and the indexes to the latter are part of Record Group 94, Records of The Adjutant General's Office.

On order of Brig Genl. G. Meitzel.
Cos. E, F, G, and H, stationed at
Bayou La Poudre, left that station
for Bayou Boeuf, January 11, 1863,
by Rail Road, taking up Company G,
which was stationed at Terre Bonne
and arrived at Bayou Boeuf, that
evening, distance from La Poudre
about 21 miles. Co. K was then
placed at Bayou La Poudre. The Regi-
ment was at this time located as follows:
Cos. I, B, E, F, G, and H, at Bayou Boeuf
Co. D at Tigerville. I at Bayou Rome
and K at Bayou La Poudre. On the 19th

removed to 40,000, remaining there until the 21st January. Cos. G, E, F, and J. were transferred to Fort Jackson by steamer "Laurel Hill", and Cos. C, D, H, and K to Fort St. Philip, all by the same conveyance. On the 23d January, Cos. A, B, I, and L were transferred to Fort Mecombe. The reception of the latter companies at Fort Mecombe, was, in every respect, gentlemanly and considerate, while that of the detachments to the other forts was illiberal and insulting. On the evening of the 28th January, the detachments at Fort Jackson and St. Philippe embarked on the steamer "Julie Robinson", on the 29th departed at Fort St. Leone and encamped under orders to erect a field work. The conduct of the men at Forts St. Philippe and Jackson, since enduring insults and discomforts is evidence of their discipline and devotion to the cause in which they are engaged.

RECORD OF EVENTS.

Since last muster Co. D has been with the regt. at Morganzia La. - The Company has not improved much in drill, being most of the time on fatigue or guard. In the recapitulation there are 8 enlisted men reported detached whose names appear in the column of "Present" on muster roll, but being absent at muster. The retained rolls of Co. D. for July & Aug. were probably stolen by Capt. Desaney when he deserted (Sept 25). Since then a copy of the rolls in hands of Paymaster have been obtained and lost.

RECORD OF EVENTS.

Since the last muster,
much progress has been
made in drill discipline,
and education. Many can
read quite well. Some can
write quite legibly, and
nearly all are thirsty for
knowledge, and seek
very eager to improve the
advantages now afford
them. Few punishments
are awarded, and there
for crimes encouraged by
their former masters. There
is, as a general thing, no
intemperance among them.
They are easily disciplined
obedience having become
a second nature to them.

of small arms in great quantity. The attack was then made

direction diverging a little to the Westward was a surprise dinner party
for drinking again some of our advance. Our captured the forts of the
the Car. who with 5 others were scouting in the woods with the object of
watching our movements. The next day, the 14th, the enemy's loss was 1000 men and
the column was ordered to go about and commence a retrograde march.
The next day, the 15th, the enemy's loss was 1000 men and

Piedra River. The next day, the 16th, the enemy's loss was 1000 men and
having made a good march. The next day, the 17th, the enemy's loss was 1000 men and

from having about 1000 men to the night the march for the day 26 miles
started early next morning and marched to a point 26 miles
26 miles and within three miles of our rear when we halted for the
night was safe having nothing to be apprehended of our force the
enemy did not pursue us in close pursuit. The next day, the 20th, the enemy's loss was 1000 men and
as far as possible. The next day, the 21st, the enemy's loss was 1000 men and
morning by finding it at almost the same point in Camp Cañon
on Florida shortly after noon. The results although insignificant
nevertheless afford another proof of the bravery & endurance of 18th soldiers. On 22 days marched 76 miles
having warm food but three withered. Very many came
home foot sore yet their marching was orderly and unbroken
able to the end. While most of the white troops with us
merely dragged themselves along. Our troops were constantly
merry, joking, laughing and singing when we arrived at
and this was their first forced march. Their under fire
they behaved bravely all eager to rush into the fight. May
their merits be appreciated and justice be done them.

On the 17th of March the enemy evacuated the town of West Point and moved to the south. The 2nd Battalion of the 1st Cavalry, under the command of Col. Montgomery, was ordered to follow them. The 2nd Battalion went bravely forward and entered the town in case of the enemy's retreat. The enemy's retreat was hastened by our approach. The colored detachment were promptly brought up in front of the Episcopal Church, where one company of horse guards were posted. They (the colored troops) dismounted under a falling fire of shot and ball delivered at a range of 30 yards, forcing them beyond the churchyard fence, compelling the enemy's company to surrender, killing and wounding some.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper appears to be from a notebook or a set of legal pads. The edges of the paper are slightly irregular, and there's a faint shadow on the right side, suggesting it might be part of a bound volume.
